Booster Club Elections

It is again time for Booster Club Elections. We have 3 positions that are open. Those positions are President, Secretary, and School Board Liaison. If you are interested in helping out or have any questions, please contact Mr. Davis.

Chapel Offerings

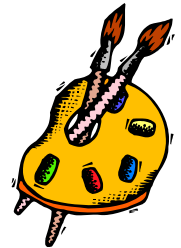

February's chapel offerings will support the North Wisconsin District "Hearts for Jesus" Project which is called "Caring Across the Continents". School Children from across the District will be collecting money to purchase guinea pigs for a guinea pig business in Pachachaca, Peru. This business will enable more kids to attend school, increase meager incomes and enable families to create a better life for themselves.

Students will be discussing this mission project in their classrooms. Be sure to ask your children about the project and how they are helping others with their chapel offerings.

St. Paul Fine Arts Fair

Students in grades 5-8 are required to do an art project for the Fine Arts Fair, February 6th. Students in grades K-4 are invited to do a project. To help the students get an idea for their projects we are had 4 artists come to St. Paul to work with the students in Grades 5-8. Artists demonstrated an artistic media to the students. The students have the opportunity to choose a media type from one of the four medias presented, for their display at the Fine Arts Fair in February.

School Annuals

It is time to stop in the school office and purchase your school annual. Annuals this year are \$11.50 each.

Healthy Living for Students of All Ages

Milk: More Important Than You Think - When it comes to milk, calcium is only the beginning. Milk is also a top source of high quality protein, with each cup delivering more protein than a large egg. Plus it provides eight other essential nutrients; including several kids don't get enough of like vitamin D and potassium. For more tips about the importance of milk check out www.eatright.com
